1.1 The kinds of SEN that are provided for

- Our school currently provides additional and/or different provision for a range of needs, including: Social, emotional and mental health difficulties, for example, attention deficit hyperactivity disorder (ADHD)
- Communication and interaction, for example, autistic spectrum disorder, Asperger's Syndrome, speech and language difficulties
- Cognition and learning, for example, dyslexia, dyspraxia,
- Sensory and/or physical needs, for example, visual impairments, hearing impairments, processing difficulties, epilepsy

This includes social emotional mental health, speech, language, communication and the broad range of Autistic Spectrum Disorders.

1.2 Working with SEN Pupils and assessing their needs

On admission to Bridgeview School we will assess each pupil's current skills and levels of attainment on entry, and use information from previous settings and Key Stages, where appropriate. Class teachers will make regular assessments of progress for all pupils and hold regular Annual review meetings with pupil, family and other relevant professional agencies. This will also include monitoring in areas other than attainment, for example, social emotional and mental health needs.

1.3 Consulting and involving pupils and parents

We will work closely with pupils, parents and professional at Bridgeview School.

These conversations ensure that:

- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- We take into account the parents' concerns
- Everyone understands the agreed outcomes sought for the child
- Everyone is clear on any identified next steps.

All pupils in our setting regularly complete and update a 'One Page Profile' or 'All About Me' document. This provides pupils with the opportunity to voice their own

views and opinions about how they feel and what areas of their education they would like more support for (when age appropriate).

The following headings are used when completing an 'All About me'.

- What people like and admire about me
- What makes me happy
- How I want to be supported.

All pupils in our setting also regularly complete and update a 'My Safety Plan' document. This is another resource put in place to allow pupils to voice their own opinions.

The following heading are used when completing a 'My Safety Plan'

- At times I feel unsafe when
- I feel more in control of behaviour when
- These are the key adults and children I like to talk to

Our setting has also supported pupils in forming their own 'school council'. The Personal Development team ensure meetings are held every fortnight to support pupils develop their skills of debate and discussion and it also provides another outlet for pupil voice.

All pupils in Bridgeview School have an EHCP

1.4 Assessing and reviewing pupils' progress towards outcomes

Through the vehicle of the Annual Review we will assess and review our pupils progress towards the Outcomes identified in their EHCP.

Prior to the Annual Review the class will work with the SENCO to carry out a clear analysis of the pupil's current presenting needs. This will include:

- The teacher's assessment and experience of the pupil
- Their previous progress, attainment and behavior.
- Other assessments, where relevant
- The individual's development in comparison to their peers and national data
- The views and experience of parents
- The pupil's own views
- Advice from external support services.

All teachers and support staff who work with the pupil will be made aware of their needs, the outcomes sought, the support provided, and any teaching strategies or approaches that are required. We will regularly review the effectiveness of the support and interventions and their impact on the pupil's progress.

1.5 Supporting pupils moving between phases and preparing for adulthood

We will share information with the school, the pupil is moving to. We will agree with parents and pupils which information will be shared as part of this.

We share our risk assessment which outlines strategies and de-escalation techniques which have been found to work for that individual pupil.

Transition to Senior School is managed by the Transition coordinator. Pupils will visit their senior school supported by a member of the Bridgeview School class staff for as many visits as the school are able to schedule.

1.10 Securing equipment and facilities

- The type of support, equipment and facilities needed to support children with SEN is led by the child's individual need. Children with an 'Education, Health Care Plan' (EHCP) will have an amount of time to be given as a minimum, to ensure that they are able to meet their targets. Their EHCP clearly lays out the type of support needed as a recommendation. They will also receive additional support linked to their needs. This support may take various forms:
 - In class support from teaching assistants
 - Small group support
 - Specialist 1:1 support
 - Support from external agencies
 - Provision of specialist resources
 - Children are given additional and differentiated support and interventions are put in place to support their learning and the impact of that provision measured.

1.11 Evaluating the effectiveness of SEN provision

We evaluate the effectiveness of provision for pupils with SEN by:
