Aims

Vision

Bridgeview Special School is committed to meeting the needs of all pupils with special educational needs and disabilities (SEND).

We firmly believe that all children and young people with special educational needs are entitled to an education which enables them to:-

Achieve the best possible outcomes

Make a successful transition through each stage of their lives Become confident individuals living fulfilling lives

Identification and assessment of Pupils with SEN

All pupils in Bridgeview Special School have an Education Health Care Plan (EHCP)

Information is gathered from the pupils previous setting prior to the admission meeting.

Upon admission, baseline assessments are made on levels of attainment and learning behaviours.

Each pupil has an individual personal risk assessment.

Teachers are actively encouraged to raise concerns in relation to pupil progress towards identified targets in the EHCP or presenting behaviours with the SENCO in a timely manner. This supports the continued identification of SEN need within the setting.

All Teaching and Support staff receive regular training

Provision for pupils with SEN

The policies outlined in this section apply to all Pupils with SEN.

The school closely monitors the progress of all pupils with special educational needs. All pupils in the Bridgeview Special School are on the SEN register. The effectiveness of the provision for these pupils is evaluated to ensure they make adequate progress. This is reviewed half termly with class teacher, parent/carer, SENCO and with the pupils themselves.

Legislation and guidance

This policy and information report is based on the statutory [Special Educational Needs and Disability \(SEND\) Code of Practice](#) and the following legislation:

[Part 3 of the Children and Families Act 2014](#), which sets out schools' responsibilities for pupils with SEN and disabilities

[The Special Educational Needs and Disability Regulations 2014](#), which set out schools' responsibilities for education, health and care (EHC) plans, SEN coordinators (SENCOs) and the SEN information report

This policy was developed through discussions with the SENCO, the senior leadership team and with governors. It is the responsibility of the Head of School and the SENCO to ensure that this policy is reviewed and amended at the start of every academic year, but it is amended throughout the year if significant changes arise.

Paper copies of the policy are available for staff, parents/carers and external agencies to request. The policy is also available on the school website.

This policy also complies with our funding agreement and articles of association.

3. Definitions

A pupil has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them.

They have a learning difficulty or disability if they have:

A significantly greater difficulty in learning than the majority of others of the same age, or

A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is an educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

5.5 Securing equipment and facilities

The type of support, equipment and facilities needed to support children with SEN is led by the child's individual need. Children with an 'Education, Health Care Plan' (EHCP) will have an amount of time to be given as a minimum, to ensure that they are able to meet their targets. Their EHCP clearly lays out the type of support needed as a recommendation. They will also receive additional support linked to their needs. This support may take various forms:

In class support from teaching assistants

Small group support

Specialist 1:1 support

Support from external agencies

Provision of specialist resources

Children are given additional and differentiated support and interventions are put in place to support their learning and the impact of that provision measured.

As a setting we work closely with external agencies including Health, Social Care, The Local Authority and with the Voluntary Sector including KIDS, to meet our pupils SEN needs and to support our families.
